The Good Ol' Boy's Hunting Club...

Many people are probably wondering "What the heck do ya'll do?"

Well, the short answer is, we coordinate hunting and fishing trips for active duty and recently discharged veterans. We also coordinate an annual BBQ at Brooke Army Medical Center for injured service members and their families.

Who are the Good Ol' Boys?

We are just your average American citizens who believe actions speak louder than words. We come from different backgrounds, some of us served in the military, some did not. The one thing we all have in common is our unconditional support of the men and women who serve this country.

What are the requirements for your events to be held?

We work with potential hosts that offer outdoor opportunities for hunting and fishing, to meet whatever requirements they have and help them set up trips for active duty and veteran military members.

We are not a non-profit organization, we rely on donations from the hosts and from other sources to obtain the funds we need for these outings. It's easier when the host can coordinate these but we have been able to meet most of the needs necessary to accommodate the host and the military members we bring to these events.
